

CheckOut 2 China

Aiming to expand your on-line sales into China?

The Chinese online retail market is already the largest in the world and it remains incredibly dynamic! The quickly growing appetite for luxury, premium and foreign goods makes China an essential market for brands, retailers and manufacturers with serious export ambitions.

Although the potential is massive, the complexities along the way make this a tough market to crack. Using our team of e-commerce specialists, unique processes and on the ground facilities, we offer a proven model for successful expansion into China. Why not CheckOut 2 China with Salesupply today!

How it works

Our CheckOut solution is part of our established Salesupply network. Our local team of Chinese e-commerce specialists are ready to help with every part of your online expansion into China.

We discuss your objectives, and help you confirm your business case.

Our Chinese customer service team deal with all customer inquiries in their native language.

We design, set up and manage the optimal marketing strategy, be it your branded web shop, social media stores, marketplaces or 'O2O'!

We help you ship from your UK warehouse or our Chinese facility and if required take care of import requirements, customs and duty.

We process your payments and take care of VAT. You receive your money at an agreed time each month.

Why China?

Largest online retail market in the world, £550bn turnover in 2017.

Large appetite for premium, luxury and foreign products.

Continued growth is a certainty - 40 million new internet users per annum.

Cross border e-commerce growing at 50% p.a.

Why CheckOut 2 China?

We help you achieve better results faster, with flexible solutions to work around you, while you stay in full control!

- **No Chinese entity required**
Our Chinese office acts on your behalf eliminating the need for the complex set up of a legal entity.
- **Flexible warehouse solutions**
We can fulfill your orders in the UK and ship to your customers in China within 7 days. Alternatively, you can use our bonded warehouse facility in China.
- **No Chinese bank account necessary**
Our trustee service will manage your revenues and payments in local currency before transferring funds back to your UK account on a regular basis.
- **Your objectives guide us**
We look at what is best for you and can deliver success on different platforms. We are not a one-solution provider.

- **A strong online presence**
We use the latest online marketing and selling techniques, including utilising the all important social media platforms such as WeChat, to build your brand presence and generate sales.
- **A fully localised customer experience**
We help with all aspects of localisation including setup and management of a fully localised web presence and native Chinese speaking customer services team.
- **A total revenue generating solution**
We actively work with you to promote your products, take care of your customers and increase your profits.
- **Simple and secure**
Your contract with a UK company (us!) - we take care of the rest!
- **Control**
We are not a distributor or retailer - we work on your behalf. You stay in full control
